

SUMMER READING ENRICHMENT

Tuesdays - Thursdays | June 14 - July 28, 2022
9:00 AM-12:00 PM

Enrichment Course, Cost of Program \$175

This is a 6-week tutoring program hosted by a partnership between Hill-Murray and Youth Advantage.

For students in grades K-6, we want to increase their love of reading and teach them to **R.E.A.D.**

Read with confidence,

become **E**mpathetic Individuals

Achieve progress in their current reading level,

and **D**efeat any reading apprehension or issue faced while reading.

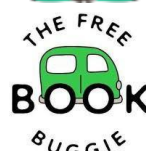

Students in grades K-3 will utilize the OG Star reading app, based on the evidence-based Orton-Gillingham approach in a gamified format. In addition, students in grades K-3 will work with individualized strategies to increase their phonemic awareness.

Students in grades 4-6 will utilize a program called Achieve 3000. Students' growth will be measured using Lexile levels and work with strategies like prefixes, suffixes, and roots, re-reading, summarizing, and monitoring clarification.

Note:

We've incorporated these days every Wednesday of the program. We have collaborated with the The Free Book Buggie and students will have arts and crafts to take home. Please note: We will **NOT** meet July 5,6,7.
